About the Event:

On June 23rd, 2022, at 11 a.m., the Language Proficiency Club arranged an activity session for students of first years to improve their vocabulary, listening, and interpreting abilities. The staff coordinators, Mr. Harold D'Souza and Ms. Babitha B, as well as the student coordinators, Ms. Sukanya Shet, Mr. Devakrishna, Ms. Erica, Mr. Shamath, Mr. Athif, and Mr. Samrut oversaw the activities.

Session started with a brief introduction about the club to the students and introduction of the staff and student coordinators. First activity was a physical game of "Start and Stop" to improve listening skills conducted by Ms. Sukanya Shet. Second activity was a quiz which consisted of questions related to vocabulary, word puzzles, and color names. Third activity was "Line Up", to arrange according to the Word given using alphabets given to students. 67 students from 1st year took part in the activities with everyone taking part in at least one activity.

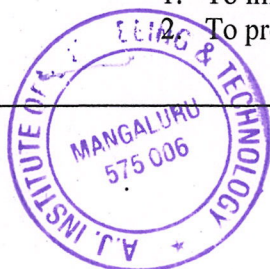

Students were asked to provide activity ideas for future activity sessions that would help them develop their vocabulary and communication abilities after providing feedback orally. The workshop on "Mastering the Art of Effective Communication" was a resounding success, meeting its objectives and providing valuable skills to the participants. The Language Proficiency Club thanks Mr. Harold D'Souza and Ms. Babitha B for their expert contributions and all participants for their active involvement.

Based on participant feedback, future events could benefit from including more advanced topics and additional hands-on practice sessions. Providing follow-up resources and sessions for continuous improvement could also enhance the overall learning experience.

Objectives:

1. To improve participants' verbal and non-verbal communication skills.
- To provide practical strategies for effective communication in various contexts.
