(Approved by AICTE, New Delhi. Affiliated to Visveswaraya Technological University, Belagavi)

Name of the event/activity	Interactive Communication: Enhancing Skills through Fun Activities		
Organized by	Language Proficiency club		
Date of event/activity (DD-MM-YYYY)	09/03/2023	Time	11am-4:45pm
Name of the Resource Person	Mr. Harold D'Souza		
Number of the student participated	08		

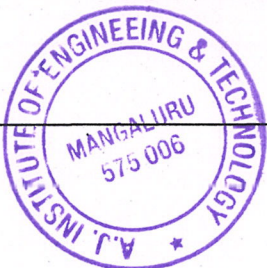

About the Event:

The Language Proficiency Club planned an engaging programme to improve the communication abilities of students on March 9, 2023, at 11:00 AM. Mr. Harold D'Souza, Coordinator of language proficiency club, led the exercise with the goal of creating a lively and engaging learning atmosphere for the students. The activity's main goal was to boost students' communication abilities through fun activities like role-playing and public speaking. Students were given an introduction before the class and had discussed the value of excellent communication in a variety of aspects of life, such as academics, careers, and interpersonal relationships. Coordinator emphasized that communication comprises body language, conceptual clarity, and good listening in addition to language skills.

Students were split up into small groups for the role-playing part and various situations were given to them to act out. Students had to use their language abilities and demonstrate efficient communication techniques in each scenario. Students were encouraged to think quickly, adjust to different circumstances, and speak boldly as a result of this activity.

After the role-playing exercise, a public speaking exercise was held. For a predetermined amount of time, students had the chance to speak about a topic of their choice. It helped students get useful real-world experience in effective communication while also enhancing their self-confidence in public speaking. The students enthusiastically engaged in the exercise and showed a considerable gain in their language abilities, proving that the activity was successful in meeting its goals.

Similar events will be planned in the future by the Language Proficiency Club to encourage the growth of the students' communication abilities and ensure their continuing improvement in this crucial area.
