

OutReach Program1-Department of AI&DS

Helping Local Schools: Session on creating awareness on Higher Education among students conducted at Ashoka Vidyalaya English Medium High School, Ashok Nagara, Mangaluru on 05th March, 2025

Objective of the Programme:

To improve the learning atmosphere at schools particularly in under-resourced areas by providing meaningful assistance to school communities. Creating awareness among school children is our social responsibility and it is a vital aspect of community development.

Highlights of the Programme:

- Interactive sessions on the importance of pursuing higher education and choosing the right type of higher studies.
- Sessions on practical guidance to pursue higher education and open discussions helped students to express their aspirations about their future and career path.
- Enlightened on various courses available in the field of modern education to suit students' interest, strength and career goals as well as the respective eligibility criteria, entrance exams, scholarships and educational institutions.
- Presentation of various case studies and success stories of leaders who were benefitted from advanced education / higher studies.
- A quiz on general topics like current affairs, logical reasoning, history, science, pop culture etc.
