

## Department of Artificial Intelligence and Data Science

### Technical Talk – “The Art of Innovative Technical Paper Writing”

A Technical talk on “The Art of Innovative Technical Paper Writing” on 18th November 2025 from 2 PM to 4 PM was organized by the Department of Artificial Intelligence and Data Science, AJIET, Mangalore. The session was delivered by Dr. Padmanayana of the AI&DS Department.

The talk aimed to guide students through the essential components of writing a high-quality technical paper. Key aspects such as problem identification, literature review, research methodology, result interpretation, and best practices for academic writing were discussed. Students were introduced to IEEE format, citation styles, plagiarism checking, and common errors to avoid. Overall, the talk enhanced students’ ability to write structured, professional, and publication-ready technical papers. A total of 56 students of 5th semester AI&DS participated in the event. The entire event is coordinated by Prof.Navya S Rai, Student Association Coordinator and supported by Dr. Padmanayana, HOD AI&DS.
