

## Department of Artificial Intelligence and Data Science

### Hands on Workshop on

### Artificial Intelligence, Prompt Engineering and Automation”

The Department of Artificial Intelligence and Data Science (AIDS) organized a Workshop on “Artificial Intelligence, Prompt Engineering and Automation” on 21st November 2025 from 9:30 AM to 4:30 PM at Lab 421. Workshop is conducted by Mr. Mohammed Hazeem Shaim, Ibrahim Kaleel, Mohammed Ismail and Ms. Payeshwini from E26 Media Private Limited. The event aimed to provide students with insights into modern AI technologies, the role of effective prompt engineering, and the growing impact of automation across industries. The session began with a warm welcome address delivered by Ms. Srijana, who greeted the guests, resource persons, faculty members, and participants. The workshop created an engaging platform for learners to understand practical AI applications, explore new techniques for interacting with AI models, and discover how automation is transforming real-world workflows. Ms. Sanvi and Mr. Abhishek got winning prizes for the activities conducted by the resource team. A total of 56 students of 5th semester AI&DS participated in the event. The entire event is coordinated by Prof. Navya Association Coordinator and supported by Dr. Padmanayana AI&DS.
