

## **Cleanliness and Awareness Programme held in Ramakrishna Math - Department of AI&DS**

### **Cleanliness and Awareness Programme held in Ramakrishna Math on 13th September 2025**

Objectives of the programme:

The Cleanliness and Awareness Programme at Ramakrishna Math was organized with the objective of promoting cleanliness, discipline, and environmental responsibility among students. The programme aimed to sensitize students about the importance of maintaining hygiene in public and spiritual places. It also focused on encouraging social responsibility, eco-friendly practices, and active participation in community service activities aligned with the values of Swachh Bharat Abhiyan.

Programme Highlights:

- Students actively participated in a cleanliness drive at the premises of Ramakrishna Math, Mangaluru.
- The Math campus, including pathways, garden areas, and common spaces, was cleaned in a systematic and organized manner.
- Volunteers followed hygienic waste-handling practices and ensured proper collection and disposal of waste.
- Students visited the herbal garden within the Math premises and learned about the importance of medicinal plants and environmental conservation.
- Volunteers observed and learned eco-friendly practices followed at Ramakrishna Math.
- An awareness and interaction session was conducted by the Swamijis of Ramakrishna Math, emphasizing cleanliness, discipline, and service to society.
- The programme helped students understand cleanliness as both a social responsibility and a personal value.
- Active participation strengthened teamwork, discipline, and a sense of responsibility among students.
- The activity motivated students to adopt cleanliness and environmental awareness in their daily lives.
