About the Program: Department of Civil Engineering in association with AJIET ECO club had organised Technical talk on Land Restoration, Desertification and Drought Resilience for AJIET students on 5th June 2024 on account of Worlds Environment Day in Seminar Hall-1 at 2:30 PM.

World Environment Day is celebrated every year on June 5. It is a global event led by the United Nations to encourage awareness and action to protect the environment. The day aims to raise awareness about environmental issues and inspire people and governments to take action to protect the planet.

The theme for World Environment Day 2024, 'Land restoration, desertification, and drought resilience,' underscores the importance of restoring degraded land and building resilience to droughts and desertification. It highlights the critical role that land plays in sustaining life and fostering biodiversity.

Objectives: The program Technical talk on Land Restoration, Desertification and Drought Resilience enable students/ faculty to

- Raise awareness about the most pressing environmental challenges we face and inspire us to find solutions.

Outcomes: On successful completion of program of this Technical talk the student should able to:

- Understand how to save the environment and to protect the earth from various forms of pollution, climate change, overexploitation, etc.
