Corrective Measures on Students Feedback related to Facility

Sl. No.	Facilities	Remarks Received on facilities	Corrective Measures
1	Library	Students feedback on library is examined and collated to identify general enhancements that may be implemented. After converting the feedback answer to a percentage, the average value was determined. The cost of photocopy might be decreased to make it more advantageous. The feedback response score is 3.33, which is good.	The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty.
2	Internet Centre	The Internet is a valuable resource that is well appreciated. After sorting through the feedback, the Internet centre received an overall rating of 3.20, which is good.	The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty
3	Administration	Student comments: Asked for first aid and fire safety procedures on every floor. More cooperation and support in the area of scholarship is anticipated. After sorting the feedback, an administration-related opinion of 3.43 was obtained—a satisfactory result.	The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty. First Aid facility is cooperated through PD. All the updates and support regarding the scholarship is redirected to the respective coordinator and cooperation is provided.
4	Classroom/Lab Facilities	After sorting through the feedback, a rating of 3.50 was obtained for the classroom and lab facilities. Excellent feedback from the student:	The compiled information (data file + summary + report) is then sent to the respective departments for

		The classroom needs assistance because a few lights and fans aren't operating correctly.	implementation and corrective action at the HOD/faculty
5	Food /Drinking Water	After sorting through the feedback, a good rating of 2.78 was obtained for eating and drinking water. Students' observations include: better food quality at a fair pricing at the canteen. It is anticipated that canteen timings may be adjusted. It is requested that there be drinking water available on every floor.	Due to increased intake timing service and seating arrangement is an issue which is rectified by scheduling different lunch break time slots. The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty.
6	Washrooms/ Green Rooms/Sick Rooms	After sorting through the feedback, a 3.24 - Good rating was obtained for the restrooms, green rooms, and sick rooms. Students' comments include the following: the third floor restrooms have an inconsistent water supply and require frequent cleaning.	The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty.
7	Fitness Centre-Gym	After sorting through the feedback, the Fitness Centre-Gym received a 3.16 - Good rating. Students' comments include the following: more instruments and stricter gym hours are anticipated.	The compiled information (data file + summary + report) is then sent to the respective departments for implementation and corrective action at the HOD/faculty.
8	Extra-Curricular Activities & Sports	After sorting through the feedback, the extracurricular and sports category received a 3.41 - Good rating. Student comments are as follows: There is no prep time available for events, which are held with little notice.	notice of the events and event schedule will be shared priorly. However, no such cases have yet been reported/noticed.
