Proposal

Subject: To organize the Workshop on “**Design Thinking, Critical Thinking and Innovation**”.

AJIET Institute Innovation Council in Association with AJIET IEEE SB is organizing the Workshop on “**Design Thinking, Critical Thinking and Innovation** on 24-01-2024 from 9:30 am to 12:30am. for the students and faculties. The objective of the event is to motivate students by blending design thinking with critical thinking, and to foster innovation that delivers customer-centric solutions, also to educate how to overcome challenges with critical thinking.

Mapping to Program Outcomes (PO's): The event is relevant to **PO2, PO6, PO7, PO8, PO12**

PO2: Problem Analysis: Identify, formulate, review research literature, and analyze complex engineering problems reaching substantiated conclusions using first principles of mathematics, natural science and engineering sciences.

PO6: The engineer and society: Apply reasoning informed by the contextual knowledge to assess societal, health, safety, legal and cultural issues and the consequent responsibilities relevant to the professional engineering practice.

PO7: Environment sustainability: Understand the impact of the professional engineering solutions in the societal and environmental contexts, and demonstrate the knowledge of, and need for sustainable development.

PO8: Ethics: Apply ethical principles and commit to professional ethics and responsibilities and norms of the engineering practice.

PO12 Life-long Learning: Recognize the need for and have the preparation and ability to engage in independent and life- long learning in the broadest context of technological change.

About the Program:

The program held at Seminar hall-1, AJIET on 24-01-2024. A total of 123 students have got benefited from the program. The Dean of Academics, Dr. Mahabaleshwarappa P welcomed the Chief Guest Mr. Akshay Alwa (Advocate, Highcourt Kanrataka). Under the prominent leadership of the Principal, Dean of Academics and Innovation Cell has been established to promote innovation in the institution through multitudinous modes leading to an innovation, promoting entrepreneurial eco-system in the campus.

The eminent speaker spoke about innovation and creative thinking to the students who aspire to start their own ventures. Besides this, the eminent speakers shared their experiential learnings towards transforming businesses and products through “Design Thinking, Critical Thinking and Innovation Design” and also ensured to guide and mentor students in their respective journeys towards starting their own ventures.

The event being an engaging, interactive, and creative learning experience, saw an overwhelming response of enthusiastic students and faculties throughout the session that ended on a positive note-‘Success do not come overnight, and it requires hard work and determination’.

Objectives: The program will enable students/ faculty to

- To motivate students by blending design thinking with critical thinking, and to foster innovation that delivers customer-centric solutions
- How to overcome challenges with critical thinking

Outcomes: On successful completion of program of this lecture/ technical talk/workshop the student should able to:

- Students were inspired by how the lead by design company solves critical problems
- They were motivated and taught how to solve problems and come up with innovative ideas using the thinking process.
