About the Program: Department of Civil Engineering, Cultural and Technical Committee -AJIET in association with AJIET professional bodies ISTE and IEI had conducted Engineers Day Celebration on 18th September 2025 .

Engineers’ Day is celebrated on September 15 every year in India commemorating the birthday of one of the greatest engineers in India and Bharat Ratna recipient, Sir Moksha Gundam Visvesvaraya, recognizing his contributions in harnessing water resources in India. He had successfully designed and constructed several river dams, bridges and revolutionized the irrigation system all over India.

We at AJIET celebrated Engineer’s Day on 18th September 2025 in honor of Dr. M Visvesvaraya, a true gem of India and to identify the great works done by our hard-working engineers each year. The main objective of the event was to encourage self-evaluation, motivation, effective communication and team building among the students.
