**REPORT ON “DEVISING PROJECT IDEAS AND THE ART OF COMPOSING
TECHNICAL PAPERS”**

Name of the Program:	Devising Project Ideas and the Art of Composing Technical Papers		Program Dates & Timings:		29-11-2025 9:15 AM to 11:00 AM	
Name & Details of the Resource Person:	Dr Sreenath Acharya Head of the Department Computer Science and Engineering (ICB)					
Organized by	CSE(ICB) Dept		In Association with (clubs/Dept.)		Dept.	
Number of Participants	Students	31	Faculty	-	External participants	Nil
Program Outcome (PO) Mapping	2,3,4,5,8,11,12					
Coordinators	Pragathi Hegde					
Expenditure	Nil		Social Media Link	Nil		

About the Program:

The technical session on “Devising Project Ideas and the Art of Composing Technical Papers” was conducted on 29th November 2025 from 9:15 am to 11 am at A-421 lab. This event was organized for 3rd year ICB students. The resource person, Dr. Shreenath Acharya gave an insight into how to select project ideas, how to define the problem statement and turn this project idea into technical paper writing.

Objectives:

- To help students understand how to identify, analyze, and refine innovative project ideas.
- To familiarize students with the structure and components of a good technical paper.
- To train students in organizing research findings, writing effectively, and avoiding common mistakes.
- To develop confidence in students to participate in technical paper presentations and competitions.

Outcomes: On successful completion of program of this session, the key outcomes are:

- Students gained clarity on how to systematically develop meaningful project ideas.
- Improved understanding of the process and structure of technical writing.
- Increased motivation to participate in technical symposiums and research-oriented activities.
- Students learned best practices for writing papers with academic integrity.

Articulation Matrix:

Course Outcomes	Program Outcomes											
	1	2	3	4	5	6	7	8	9	10	11	12
1		2	3	2	3			2			2	3
2		2	3	2	3			2			2	3
3		2	3	2	3			2			2	3
4		2	3	2	3			2			2	3
Average		2	2	2	3			2			2	3

Photos:

The students were given an insight about how to write technical or project paper in IEEE format. This will help students to choose their project idea and start writing the paper in the earlier phase of major project.
