About the Program:

The session began with **Dr. Vijesh** from the MCA Department escorting the Chief Guest, **Prof. Dr. Sharan Kumar Shetty**, to the dais, where the audience welcomed him with a warm round of applause.

After the Chief Guest was seated, **Ms. Venisha** from the MCA Department proceeded to the stage and delivered the welcome address and formal introduction speech, highlighting the remarkable achievements and contributions of the Chief Guest in academics, international education, research, and global educational leadership.

ACCREDITED BY NAAC & NBA (BE: CV, CSE, ECE, ISE, ME)

After the introduction speech, Dr. Vijesh florally welcomed the Chief Guest, offering a token of respect and appreciation on behalf of the department.

The purpose of this event was to prepare students for interviews and to equip them with the skills required for corporate life, helping them gain confidence and practical exposure.

When the Chief Guest began his talk, he interacted with the students and encouraged them to come forward and share their interview experiences, thereby creating an engaging and motivating atmosphere.

Towards the end of the programme, **Mr. Sanvith** from MCA B Batch delivered the vote of thanks, expressing gratitude to the Chief Guest, faculty members, and students for their participation and support.

The programme was organised by the MCA Department, and concluded on an inspiring note, leaving the audience enriched by the insights shared during the session.

Objectives: The session “**Master soft skills to elevate hard skills - a thought for budding technocrats**” enables students/ faculty to

1. **To emphasize the critical role of soft skills**—such as communication, teamwork, and adaptability—in enhancing technical competencies.
2. **To develop emotional intelligence and interpersonal awareness** among participants for effective collaboration and leadership.
3. **To provide practical strategies** for integrating soft skills into academic pursuits and professional environments.
4. **To illustrate real-world applications** where soft skills significantly elevate technical performance and career progression.
5. **To prepare students and faculty for industry readiness** by fostering resilience, creativity, and problem-solving abilities.
6. **To encourage holistic professional development** that transforms budding technocrats into well-rounded innovators and leaders.
